Ref. No. 367-C/41-

Station Madras. *Dated the* 21st March 1941.

From (Name) L. B. Green, Esq., O.B.E.,

(Designation) Director of Industries and Commerce,

To The Secretary to the Government of Madras,

Development Department.

Sir,

Ref: (1) G.O.No.Ms. 1025 Public Works dated 24th April 1939.
(2) G.O.No.Ms. 1732 Public Works dated 15th August 1940, and
(3) Government Memorandum No.4901-C/40-2 Public Works dated 11th October 1940.

(2)

*****

According to the orders issued in the G.Os. quoted above all proposals for the construction of compound walls should be submitted to Government for sanction. The Sub Assistant Director has submitted the following three esti-mates

		Rs
(i)	Compound wall for Navunda school.	55
(ii)	" " "Kaup "	70
(iii)	Masonry wall and gate for the school garden at Kumbla.	100

A

p.t.o.

What is contemplated in the case of items (i) and (ii) above is not a regular compound wall of masonry structure, but only a mud wall enclosure for the gardens of the schools concerned in order to protect the plants there and to prevent trespass on the site when the schools remain closed. The rain gauge apparatus, sun dial, weather cock etc., are kept out in the school compound and it is not desirable to allow free access to those places by the public. In fact there have been cases of ~~trespassing~~ tampering with the apparatus referred to. The enclosures to the premises are therefore necessary.

cor 'Specification' in ¶¶ 6 + 10 below

2. In the case of the Kumbla school, a cheap wall enclosing the school garden is proposed. Repairs have to be done to the garden fence every year at a cost of about Rs.9/- and renewals of the fence once in two years cost about Rs.18/-. Even then the dry thorn fence does not afford sufficient protection to the plants in the garden. The estimated cost of the wall is Rs.100 and the interest on this investment will be decidedly less than the annual expenditure which would have to be incurred on the maintenance of the dry thorn fence.

comp. 'Sanction' in ¶ 14 below

3. I request that in the circumstances explained above, the three estimates may be sanctioned.

¶¶ 3-14 below

Director of Industries and
Commerce.
